						\$94 / month 1x / week	
						\$75 / month 1x / week	

Registration Details

- Class spots are first-come, first-serve. You can join anytime! The monthly tuition will prorate to whatever is left in the month!
- Due to the high volume of registrations, we may not be able to respond to phone calls, emails, or messages right away. **The best way to secure your spot is by registering online through our parent portal!**
- When you initially register for the school year session, you will pay September's monthly tuition. On the 26th of each month, the tuition for the following month will be added as a charge to your account. We will send you a statement showing the monthly tuition, and on the 1st of every month, payments for that month's tuition will be processed. For example, on October 26th, the charge for November's tuition will be added to your account, and payment will be processed on November 1st.
- 2024 - 2025 school year classes will run from September 3rd, 2024 to May 31, 2025
- **To drop a class, you must notify us by the 25th.** Failure to do so will result in the charge for the following month being added to your account, and payment being run on the 1st.

Registration Tips

- We know that registration can be stressful! Here are some tips on how to have a smoother registration:
- iClassPro, our class management system, has an automatic queue built into their system. With so many people logging on at once, it can be difficult for the server to handle all of the traffic. We have spoken with iClass on this matter and here's what they've shared with us:
"This delay is a part of our system's normal functioning and is implemented to ensure a smooth and stable registration process for all users, including your valued customers. This means the system will automatically update every 30 seconds and will display the available classes/occupancy to each customer as per the order the request was received to the server. This ensures that the system continues to work on a "first in, first out" basis."
 - Try not to refresh - refreshing the page will restart your place in the queue!
 - **Create an account on our parent portal ahead of time**
 - Make sure you are looking at a school year class, not a summer class! **School year classes will have " - Begins 9/3/24 " in the class title**, until the summer session is over.

Make-up Policy

- Each enrolled student will be issued a makeup token *to be scheduled within 30 days of the absence*. Makeup tokens will automatically be issued for absences.
- If enrolled in multiple classes, the make up policy is the same for each class and one make up is offered per class
- Make up classes can be scheduled ahead of time as well – if you know you're going to be out for a future class (i.e. vacation)
- Make up classes must be in the same class, for the same student the makeup token was issued
- If you schedule a make up class and then miss, you cannot reschedule it
- Note: **Make ups cannot be guaranteed and space is limited.** Makeups are allowed in a class with openings. This heavily relies on families putting in their absences either in the parent portal, or by letting the office know.

Laketown Gymnastics reserves the right to make changes to the schedule based on weather conditions, staffing, low enrollment or otherwise. No refunds or credits will be issued for missed classes or missed drop deadline.
